Notes: The Policy Owner is subject to the credit risk of BOC Life. If the Policy Owner discontinues and / or surrenders the Plan in the early policy years, the amount of the benefit he / she will get back may be considerably less than the amount of the premium he / she has paid. Past, current, projected and / or potential benefits and / or returns (e.g. bonuses, dividends, interests) presented herein are not guaranteed and are for illustrative purposes only. The actual future amounts of benefits and / or returns may be lower than or higher than the currently quoted benefits and / or returns.

Risk Disclosure of RMB and USD Insurance:

RMB and USD policies are subject to exchange rate risk. The exchange rate between RMB and HKD or USD and HKD may rise as well as fall. Therefore, if calculated in HKD, premiums, fees and charges (where applicable), account value / surrender value and other benefits payable under RMB or USD policy will vary with the exchange rate. The exchange rate between RMB and HKD or USD and HKD will be the market-based prevailing exchange rate determined by BOC Life from time to time, which may not be the same as the spot rate of banks. The fluctuation in exchange rate may result in losses if a customer chooses to pay premiums in HKD, or requests the insurer to pay the account value / surrender value or other benefits payable in HKD, for RMB or USD policy. **RMB Conversion Limitation Risk** - RMB Insurance are subject to exchange rate fluctuations which may provide both opportunities and risks. The fluctuation in the exchange rate of RMB may result in losses in the event that the customer converts RMB into HKD or other foreign currencies. RMB is currently not fully freely convertible. Individual customers can be offered CNH rate to conduct conversion of RMB through bank accounts and may occasionally not be able to do so fully or immediately, for which it is subject to the RMB position of the banks and their commercial decisions at that moment. Customers should consider and understand the possible impact on their liquidity of RMB funds in advance.

Credit Risk:

Insurance contract is signed between customers and BOC Life. Therefore, customers are subject to the credit risk of BOC Life. Premiums paid by Policy Owner will become part of BOC Life. If BOC Life becomes insolvent or goes into liquidation or defaults on its obligations, customers may result in substantial losses.

Premium Overdue Risk:

The Policy Owner should pay premium on time during the premium payment term. It may result in lapse or termination of the policy if the required amount (such as premium) is not made before expiry of the grace period (if applicable) as prescribed by BOC Life. Nevertheless, it is subject to the automatic premium loan (if applicable) (BOC Life will advance the premium due from the non-forfeiture value as an automatic premium loan) and non-forfeiture provisions (if applicable). If the policy is terminated or lapsed due to non-payment of premium, the surrender value received by the Policy Owner may be less than the total premiums paid and the Policy Owner will lose the insurance protection provided by the policy.

Policy Termination Risk:

BOC Life may terminate the policy before the maturity date if any one of the following events occurs:

- (i) the death of the Insured; or
- (ii) BOC Life approves the Policy Owner's written request for surrender; or
- (iii) the policy lapses after the end of the grace period, or
- (iv) the non-forfeiture value is less than zero (if applicable).

Inflation Risk:

The actual rate of inflation may be higher than expected, therefore the amount you receive may be less in real terms.

Early Surrender Risk:

The Plan is designed to be held for a long term period. Early surrender, partial withdrawal, reduction or suspension of premium may result in a significant loss of principal.

Taxation Risk:

There might not be tax deduction benefits for retired Policy Owners who are not subject to salaries tax or tax under personal assessment.

Please note that the Qualifying Deferred Annuity Policy ("QDAP") status of the Plan does not necessarily mean you are eligible for tax deduction available for QDAP premiums paid. The Plan's QDAP status is based on the features of the product as well as certification by the Insurance Authority ("IA") and not the facts of your own situation. You must also meet all the eligibility requirements set out under the Inland Revenue Ordinance and

any guidance issued by the Inland Revenue Department of HKSAR before you can claim these tax deductions. Supplementary riders are not part of QDAP and the premium paid for such will not be eligible for tax deduction. Supplementary riders are subject to underwriting and corresponding issue age eligibilities. Premiums of such may be changed from time to time.

Certification by the Insurance Authority:

The mere fact that the Plan has been certified by IA does not mean that the premiums paid for policies under the Plan is eligible for tax deductions. Certification by IA is only an indication that the product complies with the criteria set out by IA. IA's certification is not a recommendation or endorsement of the Plan nor does it guarantee the commercial merits of the policy or its performance.
