Risk Disclosure of RMB Insurance:

RMB policies are subject to exchange rate risk. The exchange rate between RMB and HKD may rise as well as fall. Therefore, if calculated in HKD, premiums, fees and charges (where applicable), account value / surrender value and other benefits payable under RMB policy will vary with the exchange rate. The exchange rate between RMB and HKD will be the market-based prevailing exchange rate determined by BOC Life from time to time, which may not be the same as the spot rate of banks. The fluctuation in exchange rate may result in losses if a customer chooses to pay premiums in HKD, or requests the insurer to pay the account value / surrender value or other benefits payable in HKD, for RMB policy. **RMB Conversion Limitation Risk -** RMB Insurance are subject to exchange rate fluctuations which may provide both opportunities and risks. The fluctuation in the exchange rate of RMB may result in losses in the event that the customer converts RMB into HKD or other foreign currencies. (Only applicable to Individual Customers) RMB is currently not fully freely convertible. Individual customers can be offered CNH rate to conduct conversion of RMB through bank accounts and may occasionally not be able to do so fully or immediately, for which it is subject to the RMB position of the banks and their commercial decisions at that moment. Customers should consider and understand the possible impact on their liquidity of RMB funds in advance. (Only applicable to Corporate Customers) RMB is currently not fully freely convertible. Corporate customers that intend to conduct conversion of RMB through banks may occasionally not be able to do so fully or immediately, for which it is subject to the RMB position of the banks and their commercial decisions at that moment. Customers should consider and understand the possible impact on their liquidity of RMB funds in advance.

[Applicable to BOC Life Deferred Annuity (Lifetime) only] Taxation Risk:

There might not be tax deduction benefits for retired Policy Owners who are not subject to salaries tax or tax under personal assessment.

Please note that the Qualifying Deferred Annuity Policy ("QDAP") status of the BOC Life Deferred Annuity (Lifetime) does not necessarily mean you are eligible for tax deduction available for QDAP premiums paid. The BOC Life Deferred Annuity (Lifetime)'s QDAP status is based on the features of the product as well as certification by the Insurance Authority ("IA") and not the facts of your own situation. You must also meet all the eligibility requirements set out under the Inland Revenue Ordinance and any guidance issued by the Inland Revenue Department of HKSAR before you can claim these tax deductions. Any general tax information provided is for your reference only, and you should not make any tax-related decisions based on such information alone. You should always consult with a professional tax advisor if you have any doubts. Please note that the tax law, regulations or interpretations are subject to change and may affect related tax benefits including the eligibility criteria for tax deduction. BOC Life does not take any responsibility to inform you about any changes in the laws and regulations or interpretations, and how they may affect you. Further information on tax concessions applicable to QDAP may be found at the website of IA www.ia.org.hk.

Supplementary riders are not part of QDAP and the premium paid for such will not be eligible for tax deduction. Supplementary riders are subject to underwriting and corresponding issue age eligibilities. Premiums of such may be changed from time to time.

Certification by the Insurance Authority:

The mere fact that the Plan has been certified by IA does not mean that the premiums paid for policies under the Plan is eligible for tax deductions. Certification by IA is only an indication that the product complies with the criteria set out by IA. IA's certification is not a recommendation or endorsement of the Plan nor does it guarantee the commercial merits of the policy or its performance. It does not mean the Plan is suitable for all Policy Owners nor is it an endorsement of its suitability for any particular Policy Owner or class of Policy Owners. The Plan has been certified by the IA but such certification does not imply official recommendation. The IA does not take any responsibility for the contents of the product brochure of the Plan, makes no representation as to its accuracy or completeness, expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of the product brochure of the Plan.

Risk Disclosure of RMB and USD Insurance:

RMB and USD policies are subject to exchange rate risk. The exchange rate between RMB and HKD or USD and HKD may rise as well as fall. Therefore, if calculated in HKD, premiums, fees and charges (where applicable), account value/surrender value and other benefits payable under RMB or USD policy will vary with the exchange rate. The exchange rate between RMB and HKD or USD and HKD will be the market-based prevailing exchange rate determined by BOC Life from time to time, which may not be the same as the spot rate of banks. (Only applicable to Individual Customers) RMB is currently not fully freely convertible. Individual customers can be offered CNH rate to conduct conversion of RMB through bank accounts and may occasionally not be able to do so fully or immediately, for which it is subject to the RMB position of the banks and their commercial decisions at that moment. the banks and their commercial decisions at that moment. Customers should consider and understand the possible impact on their liquidity of RMB funds in advance.

Other Key Risks:

- The Policy Owner should pay premium on time during the premium payment term. It may result in lapse or termination of the policy if the required amount (such as premium) is not made before expiry of the grace period (if applicable) as prescribed by BOC Life. Nevertheless, it is subject to the automatic premium loan (if applicable) (BOC Life will advance the premium due from the non-forfeiture value as an automatic premium loan) and non-forfeiture provisions (if applicable). If the policy is terminated or lapsed due to non-payment of premium, the surrender value received by the Policy Owner may be less than the total premiums paid and the Policy Owner will lose the insurance protection provided by the policy.
- BOC Life may terminate the policy if any one of the following events occurs:
 - (i) the death of the Insured; or
 - (ii) BOC Life's payment of Terminal Illness Benefit; or
 - (iii) BOC Life approves the Policy Owner's written request for surrender; or
 - (iv) the policy lapses after the end of the grace period; or
 - (v) the non-forfeiture value is less than zero (if applicable).
- The actual rate of inflation may be higher than expected, therefore the amount you receive may be less in real terms.
